Fund Overview

The objective of the segregated fund is to invest in units of the Invesco Europlus Fund or a substantially similar fund.

The underlying fund objective is to seek to produce strong capital growth over the long-term; it invests mainly in equities focusing on companies located in Europe, including Eastern European countries and the Commonwealth of Independent States (countries of the former Soviet Union). The fund may from time to time invest in companies located in other countries, generally in the Mediterranean region.

* Underlying mutual fund's investor series performance shown for illustration purposes only. Actual segregated fund performance will vary.

Equitable Life of Canada and its representatives have no control over the function or design of the software which has assembled these reports and they may not contain accurate or current unit values. Returns under 1 year are simple rates of return. All others are annual compound rates of return. All returns are calculated after taking expenses, management and administration fees into account.

Important information about Equitable Life's segregated funds is found in the Information Folder, available from your Advisor.

ANY AMOUNT THAT IS ALLOCATED TO A SEGREGATED FUND IS INVESTED AT THE RISK OF THE OWNER AND MAY INCREASE OR DECREASE IN VALUE.
